Julian M. Kunkel

# Sponsoring

The workshop is funded by

Making IT  
good for society

BCS Newcomer Award for Julian Kunkel and Huizhi (Elly) Liang

The workshop is powered by

**BCS Open Source Specialist Group (OSSG)**

# BCS Open Source Specialist Group (OSSG)

## Goals

- Educate and inform of Open Source and its implications
- Provide a reliable, honest and independent view of Open Source
- Encourage debate and examination of Open Source practice
- Reduce professional uncertainty around the subject of Open Source
- Act as a centre of expertise

<https://ossg.bcs.org/>

# Research Group Advanced Computing for Environmental Science

Mission of the **Advanced Computing for Environmental Science** group

The ACES research group conducts cutting-edge research in computer science to **accelerate environmental science**
