

Abstract green and yellow wavy lines flowing across the slide.

# Open Source SG AGM

## Advocacy

19 October 2018

Julian Kunkel

---

# Goals for OSSG

---

become the **leading** national professional body  
for **open source knowledge**

become **international recognized** as  
professional body for open source knowledge

# Mid-Term Strategy

---

- Bundle, utilize, and advocate existing knowledge
  - Provide compact information (facts) to overcome myth
    - Pro/Cons of Open Source
    - Software alternatives
    - Impact of open source for the UK
  - Offer training (presentations)
  - List OSSG ambassadors
- Develop policy statement about open source for OSSG
- Publish articles (for general public)
- Liase with UK industry
  - Offer support to strengthen open source position in proposals
- Liase with international open source community

# Workplan

---

- 1) Oct: Inform members about plan / ask for support
- 2) Dec/19: Prototype for webpage changes
- 3) Jan/19: Present plan where to publish for general public
- 4) Jan/19: Make webpage changes public
  - Pro/Cons of Open Source
  - Software alternatives
  - Impact of open source for the UK
- 5) March/19: Develop policy statement about open source
- 6) May/19: Update webpage: support offer for industry

---

# Steering/Review Process

---

For quality: Delivered artifacts must undergo review process

Steps:

- 1) Advocacy workgroup
- 2) OSSG Committee
- 3) OSSG Members
- 4) Released material on the web is open for comments

Ties into Simon Worthington's goals to improve opportunities for OSSG members to communicate

---

# Your help is welcome

---

- You can help
  - with a single activity
    - discuss the strategy
    - provide comments/review documents
    - identify/communicate opportunities for advocacy
  - become member of advocacy workgroup
